## GLYDE FOREWORD

The highlight of the year was achieving second place in two of the single ram lamb classes at our Premier Show & Sale in Blessington. A Benedyglan Big Jack son was second behind the eventual overall champion in the open class and our Ak Magic sired lamb stood second in the Sheep Ireland Recorded class, selling to Ryan Conway for 1700gns. Our entry in the ewe lamb class was placed third with the hammer falling at 900gns.

All were out of home bred Glyde ewes who are consistently good breeders. Some of the top genetics in the breed are in their pedigrees and over the years we have achieved much success and top prices for our stock.

The ewes forward for sale this year are genuine good breeding stock and we are confident they will do well in their new flocks.

Our service sire this year is Birness Freedom who cost £26,000 in Lanark, 2020. His first crop of ram lambs have sold to £18,000, £9,000 and £6,000. We think he is a good combination for these ewes.

All ewes are scanned in lamb, are ARR/ARR and are eligible for immediate export from the sale.

All ewes have been vaccinated with Heptavac p, Toxovax and Enzovax.

We appreciate being invited into this sale again this year and hope our fellow breeders have a good sale.

We wish all our customers well with their purchases. Your support is much appreciated.

Viewing is welcome on farm before the sale.

## BARROWLANDS FLOCK FOREWORD

The Barrowlands Flock was established in 1994 with the purchase of ewes from long established Irish Flocks. Subsequent purchases of females from dispersal and production sales saw the addition of top quality bloodlines from at home and the UK. This along with the use of top sires through AI and purchased rams has led to us achieving numerous successes at shows and sales.

We are offering in this sale some smashing Ewe Lambs with excellent bloodlines.

We would like to take this opportunity to thank everyone who supported us in previous sales and hope you were pleased with your purchase.

Sheep can be viewed prior to sale by contacting Jim Gahan on

087-6356808.

Every effort will be made to assist purchasers with the transport of sheep.

All sheep are on the Heptavac-P System.

All sheep dipped four weeks prior to sale.

Scrapie Genotype ARR/ARR and are Eligible for Export

*Jim & Shaun Gahan*

## DRUMBARRON FLOCK

The Drumbarron Flock was established in 2020 with the purchase of ewes from some of the best known genetics in the Suffolk Breed with the plan to invest annually with both females and tups to maintain a high level of improvement in the flock.

Due to Tommy's untimely and tragic passing it is with much regret that his family have decided to disperse this new and upcoming flock.

All sheep have been dosed for fluke and are on the Heptavac-P system.

Ewes have been scanned and will be scanned again prior to sale.

Potential buyers should be aware that there may be a possibility of some anomalies in the listings in the catalogue.

### ***An Appreciation***

*I first met Tommy in early July when he asked if he could visit my flock. Our first outing together was the Tup Tour to N.I. followed by a trip to Ballymena Premier Sale. Blessington was up next followed by Leinster Club Sale in Carnew. Our next planned trip was to be Lanark 2022. Unfortunately, that wasn't to be. It was my pleasure to have met and get to know Tommy. He was an absolute gentleman.*

*May His Gentle Soul Rest in Peace.*

*Paddy Carolan*
