

DONEGAL SUFFOLKS IN CONJUNCTION WITH ULSTER PROVINCE SUFFOLK SHEEP SOCIETY

SHOW & SALE

Friday 2nd October

Raphoe Livestock Mart – F93 KH22

Show at 6pm & Sale at 7pm

Auctioneer: Robert Gourley Judge: Stephen Toye, Ulster

ON-LINE BIDDING WITH DONEGAL SUFFOLKS MARTBIDS

SALE CONDITIONS

1. The stock will be sold in the order in which they appear in the catalogue and the highest bidder on each lot on the fall of the hammer will be declared the purchaser. If any dispute shall arise between two or more bidders then the lot in dispute will be put up again and resold, or the purchaser may be declared by the auctioneer.
2. The pedigree and description of the lots are believed to be correct but are not intended as a warranty and therefore shall be taken with all faults and error of description.
3. All animals are at the risk of the vendor before sale and the purchaser after the sale. The auctioneer accepts no responsibility for damage or injury caused to the animal in the sales yard or in its precinct thereof.
4. The minimum sale price is €350gns.
5. All lots will be sold in euro. Purchaser will be charged a fee of 5% of sale price.
6. Purchasers shall, if and when required, give their name and address to the auctioneer and shall if required, pay to the auctioneer the purchase money for each lot at the fall of the hammer, or so soon thereafter as the auctioneer may require.
7. Purchaser paying by cheque must be prepared, if required, to produce banker's reference.
8. No lots shall be removed from the sale premises until a written delivery order has been given by or on behalf of the auctioneers.
9. Each lot shall, at the purchaser's expense, be removed from the sale premises within a reasonable time after the close of the day's sale.
10. All statement in the catalogue or made by the auctioneer at the time of sale relating to the animal are believed to be correct. No sale shall be invalidated by reason of any defect of faults in any of the animals by reason of any of the animals being incorrectly described in the catalogue, or by the auctioneer in the ring, and no compensation shall be paid inn respect of any faults or errors of description.

VENDORS

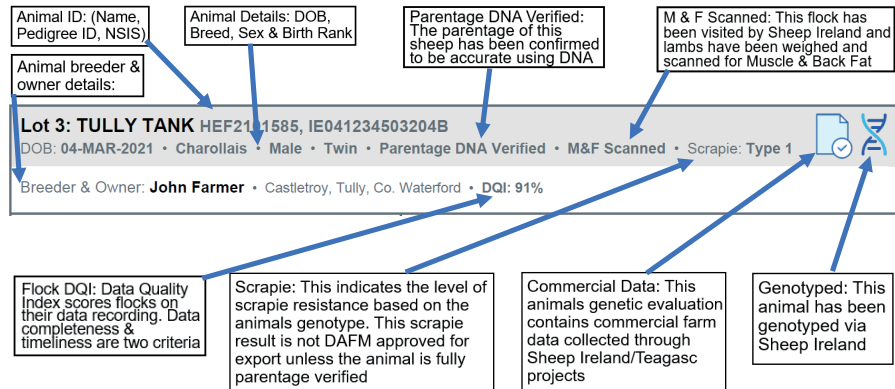

Lot	Vendor

31-32, 53-54	Richard Wilson • Shannagh, Raphoe, Co. Donegal
16-17, 43	Jonathan Workman • Drumhirk House, Monaghan, Co. Monaghan

€uroStar Evaluation Explanation Page

Important: Information in this catalogue is provided for or by the breeder, who is solely responsible for its accuracy—not Sheep Ireland

Evaluations should not be the only selection tool you use—animals must also be physically assessed (e.g. mouth, feet). Physical faults cannot be offset by strong evaluations and should be avoided in breeding.

See below how to interpret the €uroStar catalogue.

€uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- ★ Represents the **bottom 20%** of the breed for that trait
- ★★★★★★ represents the **top 20%** of the breed for that trait
- Higher stars = Higher predicted profitability €

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

Rank

- This figure shows where an animal ranks within its breed in 20% bands—for example, “Top 20%” corresponds to five stars, while “Top 21%” corresponds to four stars (see example below)

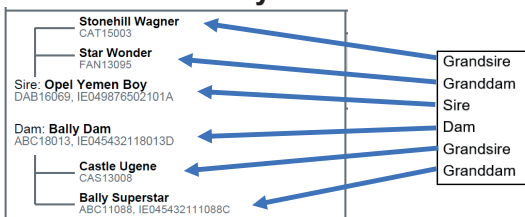

Acc% (Accuracy%)

- Accuracy indicates the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa. Acc% is displayed for the Replacement and Terminal Index, e.g. **Acc 87%**

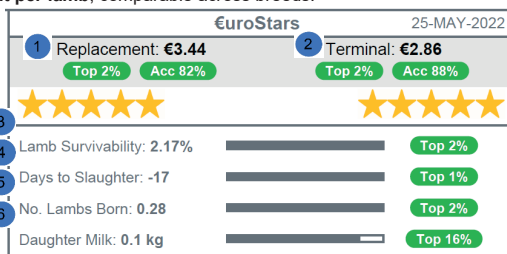

Contact query@sheep.ie | 023 882 0451

Ancestry Information

Interpreting the Indexes and Traits

- 1) **Replacement (€3.44)** – Used to select rams for breeding both replacement females and slaughter lambs; This index combines survival, growth, fertility and milk traits. € value reflects **profit per lamb**, comparable across breeds.
- 2) **Terminal (€2.86)** – Used to select rams for producing slaughter lambs; focuses mainly on survival and growth traits of progeny. € value reflects **profit per lamb**, comparable across breeds.
- 3) **Lamb Survivability** – Ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving past 48hrs.
- 4) **Days to Slaughter** – Ranks animals on their genetic ability to grow. Fewer days indicates faster finishing to target weight.
- 5) **No. of Lambs Born** – Ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.
- 6) **Daughters Milk** – Ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

More info:

Visit www.sheep.ie for the latest news and information, or ramsearch.ie for up-to-date evaluations; search for rams by county, breed, and breeder.
