Welcome to our tenth annual production sale!

Collectively the above flocks have a pool of excellent genetics, using many of the best new and proven rams in the breed. This is an ideal opportunity for new breeders to buy foundation stock and for others to replenish with excellent genetics.

Photos of animals will be available on the MartEye *website and Facebook*

All sheep are eligible for immediate export.

AUCTIONEER'S CONDITIONS OF SALE

1. The stock will be exposed according to the lots and numbers in the following catalogue and the highest offer on each lot will be preferred to the purchaser.
2. The pedigree and description of the lots are believed to be correct, but are not intended as a warranty and therefore shall be taken with all the faults and errors of description.
3. All animals are at the risk of the vendor before sale and at the risk of the purchaser after the sale.
4. The service dates, while believed to be correct, cannot however, be guaranteed.
5. The auctioneers reserves the right to accept bids from a vender and they reserve on behalf of themselves and of the vendor the following rights:
   a) To bid on behalf of a vendor
   c) To rearrange, consolidate or withdraw any lots or vary the order of sale and
   d) Without giving any reason therefore, to refuse to accept the bids of any person.
6. All sheep will be sold in euro gns (€)
7. The person making the highest accepted bid shall be the purchaser
8. No bid shall be retracted
9. If a dispute arises as to any bidding, then at the discretion of the Auctioneer, either:
   a) The lot to which the disputed bid relates shall immediately be put up again,

   or

   b) The auctioneer shall determine the dispute, and their decision shall be final and binding on all parties.

   The purchaser shall, if and when required, give his name and address to the Auctioneers, and shall if required, pay to the Auctioneers the purchase money for each lot at the fall of the hammer, or so soon thereafter as the Auctioneer may require.
10. Purchasers paying by cheque must be prepared, if required, to produce a bankers reference.
11. No lots shall be removed from the sale premises until a written delivery order has been given by or on behalf of the Auctioneers.
12. Each lot shall, at the purchaser's expense, be removed from the sale premises within a reasonable time after the close of sale.
13. All statements in the catalogue or made by the auctioneer at the time of sale relating to any animal are believed to be correct. No sale shall be invalidated by reason of any defect or faults in any of the animals by reason of any of the animals being incorrectly described in the catalogue, or by the Auctioneer in the ring, and no compensation whatever shall be paid in respect of any faults or errors of description.
14. All shearlings and ewes are sold as having being scanned in lamb unless otherwise stated.
15. All animals are sold as they stand, the Purchaser is deemed to have examined each animal and fully satisfied himself about the animal prior to sale.
16. All Suffolk's in this sale are fully registered and eligible for immediate transfer to any Suffolk flock. Registration certificates will be given with all purchases.

Lakeview Harbinger

CONVOY SUFFOLKS

Established in 2011, Convoy Suffolks began with the purchase of elite gimmers from the renowned Burnview and Lakeview flocks. From day one, our focus was clear – to breed top quality Suffolk sheep that combine exceptional carcass traits with true pedigree style.

Our commitment to quality breeding has been reflected in our recent sales achievements, including prices of 6500gns, 4400gns, 4000gns, 3500gns, 3100gns, and many more.

Among our leading ewe sales are prices of 4400gns and 3000gns, with one of these females selling to Ballynacannon Suffolks – later breeding the Balmoral Ram Lamb Champion 2024 and the Three Counties Reserve Champion 2025.

With kind permission from Stephen Sufferin at the Crewelands Flock, we have also benefited from access to some of the finest rams in the breed, ensuring continued progress and consistent quality across our flock.

FLOCK HEALTH STATUS:

All females are on Heptavac P System. All females vaccinated for Enzo and Toxo.
Saturday, November 28th , will be a day of mixed emotions for us. Suffolks have been a major part of our lives over the past 15 years. Our children have grew up with Suffolks and we have made many friends because of our sheep.
We want to sincerely thank everyone who has helped in any way to get us here today.
We would like to wish all our customers, new and old, the very best of luck with their purchases and wish everyone a very successful 2027 lambing.

Enquiries and viewings are always welcome.

Please contact Alan on 0860797944

CARRAGH FOREWORD

The Carragh flock was EST in 1993 with the purchase of 8 ewe lambs from the Ballyturn flock over the years the flock has grown from strength to strength. Top quality stock has been purchased from top flocks in Ireland, Northern Ireland and Scotland. We are delighted to see people doing so well with the Progeny of the females they purchased from the Carragh Flock. Finally I would like to take this opportunity to thank those who have supported me to date and wish you well with your purchase.

Sheep can be viewed prior to the sale by contacting Gerry on 087284753

I would like to wish alan and his family all the best with your dispersal of Convoy Suffolks and best of luck for the future you will be missed in the society

FLOCK HEALTH

All sheep are from a scrapie monitored flock

All sheep are on Heptavac-p system

all sheep have been dosed for worms

All sheep are vaccinated for Enzo and Toxo

All sheep are vaccinated for Blue Tongue

THE ROSE LODGE FLOCK

The Rose Lodge flock was founded in 2022 with the love and support of my beautiful wife Stacie Bear who passed away in 2023. She continues on this journey with us.

Our foundation flock began with accessing the top lines in Ireland and the UK with dams originating from Limestone, Bridgeview, Burnview, Ballynacannon, Beechbrook, Shannagh and Forkins.

Our main achievement to date was taking the All Ireland Novice Male Championship in 2024. Although relatively new, we trust that our dams are amongst the very best on the island. And we hope to challenge further in the coming years at the highest level.

We would like to thank PJ and Gerry for giving us the opportunity to be part of the All Star Sale which means a great deal to us. The effort they put in to make this sale happen is exceptional.

Our mission is to provide our customers with responsibly reared, genuine sheep that are stacked full of breeding potential that we hope will lead to the Rose Lodge flock finding a place in many flocks across the land.

This year, we offer two gimmers with exceptional breeding lines that are flush ready .

A full sister to limestone JLo does not often come around and her mother purchased for 7,500stg is just a breeder of exceptional standards.

Limestone Blue Steel

Additionally, one of our full sisters to Limestone Suzi Babes whom we purchased for 5,600stg as a ewe lamb is the dam of our other girl. A superb gimmer that we are tremendously proud of.

We felt it would be to risky to put both in lamb and it would cost purchasers the potential opportunity to flush these in spring 2027/ August 2027

We wish all buyers and bidders a successful lambing season and continued good health in 2027.

THE KILLYCLUG FLOCK

The Killyclug flock was established in 2011 with our first females coming from the Bailey and Deburca flocks in there annual production sale, from there we also bought top bloodlines from burnview, crewelands,ballinatone and convoy.
A special thanks to pj , alan and Gerry for the permission to get involved in the sale.
We would like to thank our customers & wish them all the best with there purchases.

NOTABLE ACHIEVEMENTS

2018 1st & 2nd in the novice class in the premier sale
2018 1st in the shearling ewe class

2020 8th in the open in the premier sale and going on to be sold to flan casey.

€uroStar Evaluation Explanation Page

Important: Information in this catalogue is provided for or by the breeder, who is solely responsible for its accuracy—not Sheep Ireland

Evaluations should not be the only selection tool you use—animals must also be physically assessed (e.g. mouth, feet). Physical faults cannot be offset by strong evaluations and should be avoided in breeding..
See below how to interpret the €uroStar catalogue.

€uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- ★ Represents the **bottom 20%** of the breed for that trait
- ★★★★★ represents the **top 20%** of the breed for that trait
- Higher stars = Higher predicted profitability €

☆☆☆☆☆

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

Rank

- This figure shows where an animal ranks within its breed in 20% bands—for example, “Top 20%” corresponds to five stars, while “Top 21%” corresponds to four stars (see example below

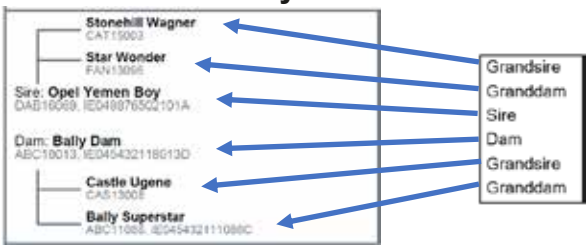

Acc% (Accuracy%)

- Accuracy indicates the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa. Acc% is displayed for the Replacement and Terminal Index, e.g. Acc 87%

Contact **query@sheep.ie** | **023 882 0451**

Ancestry Information

Interpreting the Indexes and Traits

1) Replacement (€3.44) – Used to select rams for breeding both replacement females and slaughter lambs; This index combines survival, growth, fertility and milk traits. € value reflects **profit per lamb**, comparable across breeds.

2) Terminal (€2.86) – Used to select rams for producing slaughter lambs; focuses mainly on survival and growth traits of progeny. € value reflects **profit per lamb**, comparable across breeds.

3) Lamb Survivability – Ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving past 48hrs.

4) Days to Slaughter – Ranks animals on their genetic ability to grow. Fewer days indicates faster finishing to target weight.

5) No. of Lambs Born – Ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.

6) Daughters Milk – Ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

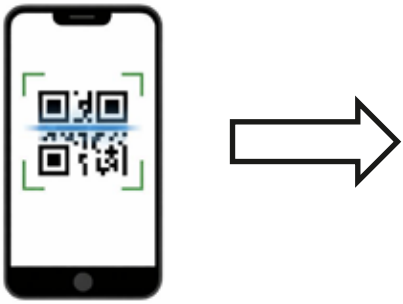

More info:

Visit **www.sheep.ie** for the latest news and information, or **ramsearch.ie** for up-to-date evaluations; search for rams by county, breed, and breeder.
